Overview

It is advantageous for the University to take a comprehensive and coordinated approach to supplying the goods and services needed to conduct the business of the University. Toward achieving this, the relevant administrative units need act in a fiscally responsible manner to ensure efficient and cost-effective systems and appropriate standardized procedure is in place for the University community.

Purpose

To ensure the supply of goods and services is undertaken in a fair and open way that provides the greatest benefit to the University while remaining in full compliance with legislation and other related University policy and procedure.

POLICY

The University will take a comprehensive and coordinated approach to supplying the goods and services needed to conduct the business of the University that includes and addresses acquisition, receiving, distribution, direct payment or expense reimbursement, and asset management.

The supply of goods and services must be undertaken as follows:

- in full compliance with applicable legislation, other related University policy, and established University procedures;
- in a timely, efficient and ethical manner;
- through fair, open and transparent processes; and
- with due regard to the effective stewardship of the University's financial resources.

For all funding sources, Supply Management Services (SMS) is the signing authority to commit the University to binding agreements for the acquisition of goods and services. The specific authority to acquire goods and services, whether under such agreements or not, extends to campus through certain distributed procurement methods/systems and compliance with established University of Alberta purchasing procedures.
DEFINITIONS
