Utility Service Connection Policy

**Office of Accountability:** Vice-President (Facilities and Operations)

**Office of Administrative Responsibility:** Utilities

**Approver:** Vice-President (Facilities and Operations)

**Scope:** Compliance with University policy extends to all members of the University community.

**Overview**

The Department of Utilities builds, operates and maintains all utility services in the Greater Campus and Off Campus areas for the University of Alberta. It is responsible for ensuring orderly, consistent and economic development of the utilities system.

**Purpose**

To ensure that service connections do not compromise the reliability and integrity of the Utility System.

**POLICY**

Approval must be obtained from the Department of Utilities for any addition, deletion, change, or new installation of utility services in the Greater Campus and Off Campus areas. All costs incurred in providing the utility services must be paid for by the project.

**DEFINITIONS**

Any definitions listed in the following table apply to this document only with no implied or intended institution-wide use. [▲Top]

<table>
<thead>
<tr>
<th>Utility Services</th>
<th>Power, gas, water, storm and sanitary sewers, demineralized water, compressed air, chilled water, condensate (steam).</th>
</tr>
</thead>
<tbody>
<tr>
