Overview

Motor vehicle transportation is essential to many University operations necessitating the use of University owned vehicles from the University Vehicle Pool, department long term leased vehicles supplied by commercial rental, and leasing agents under a lease agreement with the University through the Vehicle Pool Office.

Purpose

- Details the vehicle rental process of University owned and long-term leased vehicles for authorized drivers requiring vehicles for University business.

- Guidance for vehicle rentals from other external rental agencies and not through the Vehicle Pool Office (see the link to the Travel Process and Expense Procedure below).

PROCEDURE

1. GENERAL INFORMATION

    Driver authorization requirements apply to all University vehicles including those rented by the Vehicle Pool Office from a commercial rental agent under a long-term lease agreement.

    Without exception, University owned, rented or leased vehicles, or vehicles rented in the name of the University can only be used on University business.
University of Alberta registered vehicles shall only be operated within Canada or the United States. The automobile insurance for University owned and leased vehicles (under a lease agreement with the University and administered by the Vehicle Pool Office) are valid only in Canada and the United States. Coverage is not extended at any time for personal belongings/contents within the vehicles.

2. VEHICLE POOL RENTAL OFFICE:
   a. Administers University owned and long-term leased Vehicle Pool rentals
   b. Maintains and supplies a pool of University vehicles for use by University units.
   c. Ensures drivers listed on pool vehicle requests have met University authorization requirements.
   d. Coordinates chartered buses and motor coaches (includes a driver) for field trips and special events upon request by University units.
   e. Arranges for specialty vehicles on request. Additional charges may apply.

3. TERMS AND CONDITIONS OF RENTAL:

   Pool vehicles are rented to University units for terms ranging from one day to one year.

   For more information on renting a University owned vehicle, such as fleet, rental rates, rental policies, driver regulations, collision, incidents and fines, visit their website or contact the Vehicle Pool Office by email or telephone. Vehicle rentals require approximately five business days’ notice prior to the rental date.

   Costs for cleaning excessively dirty vehicles, repairing any damages to tires and glass are not covered by insurance or repairs caused by abuse or negligence will be transferred to the department, research director or holder of special funds, responsible for renting the vehicle.

   Vehicles must be returned with all standard and any additional vehicular equipment supplied by the Vehicle Pool. The cost of replacing missing items will be billed to the department, research director or holder of special funds who rented the vehicle.

4. GUIDELINES FOR AUTHORIZED DRIVERS

   University of Alberta authorized drivers must submit a Request for Pool Vehicle Form, authorized by the proper signing authority, and submitted to the Vehicle Pool prior to the vehicle being released. Review the Driver Authorization Procedure under “Related Links”

5. FINES AND PENALTIES

   Fines and penalties issued on University owned or long term leased vehicles are the responsibility of the individual driver that rents the vehicle from the Vehicle Pool office. For further information on fines and penalties on University vehicles, consult the Vehicle Management and Driver Safety Manual under “Related Links”. All traffic violations received while operating or in attendance of a University of Alberta vehicle are the responsibility of the driver. The fine payment must be remitted by the operator prior to the court date but is a non-reimbursable expense.

   The University automobile insurer will defend an action or claim against University authorized drivers who have operated a motor vehicle on University's business.

   No insurance protection is available for any claims arising from criminal and/or illegal activity.
VEHICLES OWNED BY INDIVIDUALS ARE NOT COVERED UNDER THIS PROCEDURE OR UNIVERSITY OF ALBERTA INSURANCE
