Space Management Policy

Office of Accountability:	Office of the Vice-President (Facilities and Operations)
Office of Administrative Responsibility:	Office of the Vice-President (Facilities and Operations)
Approver:	Board of Governors
Scope:	Compliance with this University policy extends to all academic staff, administrators, colleagues, and support staff as outlined and defined in the Recruitment Policy (Appendix A and Appendix B: Definitions and Categories) ; undergraduate, graduate and Faculty of Extension students; postdoctoral fellows; emeriti; members of the Board of Governors; visitors to campus, including visiting speakers and scholars; third party contractors; and volunteers.

Overview

The *Post-Secondary Learning Act* outlines the authority through which post-secondary institutions **manage** institutional **space**.

Purpose

This policy defines university space, and outlines responsibilities for space management and administration at the University of Alberta.

POLICY

University space encompasses all **real property, base building systems, and equipment** owned and/or leased by the University of Alberta.

As directed by the Board of Governors, the Vice-President (Facilities and Operations) is responsible for the administration of University space in relation to the following:

- Adhering to the University of Alberta's strategic planning documents when controlling and centrally managing space
- Defining relevant roles and responsibilities
- Ensuring collaboration, efficient and effective stewardship and accountability in all matters
- Ensuring best practices are employed with respect to the allocation, **repurposing**, and **utilization** of space
- Addressing the current and future needs of the University community

Space management is based on Facilities Development Committee (FDC) approved **General Space Programs**.

The Vice-President (Facilities and Operations) **allocates** space to **units** or to other approved occupants. Units work in collaboration with the Vice-President (Facilities and Operations) to distribute their allocated space by **allotting** it to departments, units or centres.

Departments, units and centres also work with the Vice-President (Facilities and Operations) to **assign** space to faculty members, staff, or to other suitable individuals and groups. Previously assigned space can be re-assigned to meet changing and developing needs.

In accordance with *the Planning and Renovation of Existing Facilities Policy*, and with University of Alberta policies on leasing and sub-leasing, any department or unit requiring the repurposing of space must consult with the Vice-President (Facilities and Operations).

Space is also entrusted to the Office of the Registrar for the purpose of academic and casual scheduling of classroom space.

Total faculty space allocations, as well as administrative allocations, are reviewed on a regular basis by the Vice-President (Facilities and Operations).

The allocation of space to a unit within the University, as well as the allotment and assignment of space within units, is subject to readjustment as the needs and priorities of the campus community change.

DEFINITIONS

Any definitions listed in the following table apply to this document only with no implied or intended institution-wide use. [\[▲Top\]](#)

University Facilities	All lands, buildings and space owned, operated, or leased by or from the University of Alberta.
Central Management / Manage	Central space management of all University space under the administration of the Vice-President (Facilities and Operations).
Space	All real property, base building systems and equipment owned and/or leased by the University of Alberta
Real Property	Refers to land, and anything permanently placed on or under it, which may include, but is not limited to, above surface structures such as buildings and below surface items such as minerals.
Base Building Systems	Those elements of a building, including exiting systems, mechanical and electrical infrastructure, fire alarms, and public circulation required and necessary for the functioning of a building for its intended purpose.
